MDC Investment (hereinafter "Owner"), a Corporation, states that it is the assignee of the entire right, title, and interest in the patent application identified above by virtue of an assignment from the inventor(s) for the parent application and any continuation applications, which include the patent application identified above. A copy of the assignment from the inventor(s) to the Owner is attached.

The Owner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173, as presently shortened by any terminal disclaimer, of prior Patent No. 6,179,812. I declare that I am empowered to act on behalf of the Owner, and all statements made herein of my own knowledge are true and all statements made on

information and belief are believed to be true. I further declare that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
